WELCOME

TO NICOLOCK PAVING STONES

Roberto Micoliar
CEO/President, Nicolock Paving Stones

If the last couple of years taught me anything, it's to make more time and memories with my family and close friends. To gather, relax, laugh, and de-stress more often with those that matter most. Not "someday". Today.

Maybe you feel the same way.

Whatever brought you here, we're excited to help bring your outdoor living dreams to life.

Investing in your home-- and in your relationships –always yields a great return in the short or long term. A custom backyard by Nicolock holds its value—riding the waves of a fluctuating economy over time. So, moving ahead with your hardscape plans now will add value and joy to your home and let you start banking new memories sooner than you think.

What do you envision your outdoor living space to be? Have you pictured hosting a special upcoming event there—maybe a shower, graduation party, or even a wedding? All of life's biggest and smallest celebrations can happen in your own stunning backyard by Nicolock.

Three generations of my family have been building homeowners' outdoor dreams for over 60 years. We'd be honored to build yours next.

WHY HOMEOWNERS CHOOSE NICOLOCK

Color. While there are many factors that draw homeowners to Nicolock... Color is King!

None of our competitors even comes close when it comes to color choices. Our stunning color palettes offer virtually limitless options for your hardscape vision. Will your outdoor dream project complement the color of your siding or brick face? Want a park-like look in earthy, natural tones? How about picking a bold accent color for a focal feature that really pops?

Tons of color options are only the beginning. You're entitled to color that lasts, too. With Nicolock, it's always going to look as good as it does on the day we install it. Our exclusive paver shield™ technology ensures that each stone is not only

durable, but is infused from top to bottom with rich, vibrant colors that last for generations.

Easy Shopping Experience. Planning your dream backyard is a big deal. In fact, it can be a bit overwhelming. But not when you're with us. Whether you know exactly what you want or need some help deciding, we are committed to making your project planning enjoyable from start to finish. Many of our territory managers are former contractors who are eager to share their knowledge and experience during your decision-making process and none of them are pushy salespeople. Besides, our beautiful pictures of prior projects tend to sell themselves.

Imagine the excitement in your neighborhood when our gigantic 10 x 20' Mobile Design Center rolls right up to your house! Let us pamper you as we design your dream project in our spacious and well-lit showroom on wheels. See all the colors, touch the textures, and get up close and personal with our most popular outdoor living elements such as pavers, walls, fire features, grills and more.

Prefer wandering around yourself for inspiration? Another great way to take in all that Nicolock has to offer is to visit an outdoor design center. Nicolock and several of our dealers offer spacious outdoor showrooms with countless samples of paving stones, retaining walls, and outdoor living features. Your dream outdoor living design could be waiting for you right now!

Lifetime Transferable Warranty. For over six decades, my family has been building dreams for families just like yours. And we've always proudly stood behind our work. In fact, we are so confident in the quality of our product that we back it with a *lifetime transferable warranty*. That means that generations of your family can enjoy the space we build for you today. And if the time should come that you do sell your beautiful home, the warranty transfers to the next homeowner.

Affordability and Financing. Home purchases—and the indoor home improvement projects and repairs that frequently follow them-- are often funded through some form of financing. So why not approach expanding your *outdoor* living project in the same way? Giving your family-- and yourself --a beautiful, custom outdoor sanctuary will not only add to your home's overall value, but will outlast any indoor home improvements.

At Nicolock, we work hard to turn your outdoor living dream into a beautiful reality regardless of the size of your budget. We offer multiple financing options that can work for you whether your project will be completed all at once-- or in phases over time. So, with creative financing and design planning, you can likely afford that special design feature or product you have your heart set on after all.

Since the pandemic, we've seen some homeowners decide against booking traditional wedding venues and exotic vacation destinations. Instead, they're choosing to invest that money into a dream backyard that will be the beautiful backdrop for a lifetime of special events and memories-instead of one 4-hour party. Maybe you've already got a few parties planned for your dream space, too?

No Supply Chain Worries. We respect your time and show up with the goods when expected. No lame excuses that the product you chose is stuck on a cargo boat in the Pacific. That's because we cranked up production before and during the pandemic—by building three additional manufacturing plants in the northeast—to meet the anticipated demand. And we're still expanding—while a competitor is limiting its customer's choices to only its most popular products. Why settle for less than the project you're dreaming of?

We're ready to deliver exactly what you want. Let's roll. Not "someday". Today.

DEFER PAYMENT, NOT YOUR DREAMS!

Introducing **Nicolock Financing** powered by Service Finance, a nationwide consumer finance program. Our exclusive financing plans make it possible for homeowners to complete their dream outdoor living spaces now with the help of multiple financing options, including true no interest payment (SAC), low monthly payments, or a combination of both plans.

Increase your home's value with the peace of mind of **Nicolock Financing**. Ask your Territory Manager for more information.

LOW MONTHLY PAYMENTS

Avoid high credit card interest rates. Choose the best payment option for you.

UNSECURED FINANCING

100% unsecured financing up to **\$100,000** on approved credit.

FAST, EASY AND SAFE

Easy application for nearinstant approvals via phone, online or mobile app, 24/7

PEACE OF MIND

The application is free, there are no closing costs and no prepayment penalties

PAVER-SHIELD™

is not a sealer, it's built into the manufacturing process for optimal durability

The final result is the very best in color, strength, and beauty that will last for generations!

PAVER-SHIELD™

gives pavers a tight, smooth surface texture that will not expose heavy aggregate

Tight, smooth surface texture that is built into the paver, not a sealer like other manufacturers

Nicolock sources the highest class raw materials in the industry for the highest quality pavers

Our state-of-the-art manufacturing process creates a durable base mix

THE **PAVER-SHIELD™** DIFFERENCE

Our patented process is not a sealant and features a smooth, ultra dense surface and rich vibrant color guaranteed not to fade!

шÌ

Iron oxide bonds with cement molecules resulting in the most vibrant color seen throughout each paver

Other quality materials are added to create our PAVER-SHIELD™ **TECHNOLOGY!**

Ultra dense base mix featuring color throughout the paver ensuring a lifetime of beauty

PAVER-SHIELD™ TECHNOLOGY

Before you start planning...

A key aspect to consider when choosing your product is your landscaping. Keep in mind the change of seasons and the way the colors around your home project will change. Different times of day may cast shadows in different areas of your pavers. It's important to plan how the environment affects your aesthetic. The color illustrations in this catalog are as accurate as photography and printing processes allow. **Final selection of colors should be made from several physical samples.**

Images below were photographed minutes apart in the same location. Image on the left is with cloud cover, image on the right is in full sun.

Shade variations are inherent in colored concrete products using natural materials. Delivered product can vary slightly from physical samples.

Using advanced design fundamentals to CREATE A STRIKING VISUAL OUTDOOR SPACE

Nicolock has everything you need to create the "WOW" factor when you're designing your outdoor space. Whether it's a new patio, poolscape, driveway, or any other outdoor project, our design fundamentals make it easy to create a customized look that complements your particular style and taste. It all begins with color. Choose from our vast collection of rich, artisan colors. Then, get creative with our different-shaped paving stones and paver laying pattern options. Check out a few examples of popular laying patterns on the next few pages-- or mix and match to create your own unique design.

90° traditional

PAVER DIRECTION

Go from a traditional installation to an exceptional look by laying pavers at a 45 degree angle to create the illusion of space.

45° with border

BORDERS

Borders define edges and softly combine large areas that would otherwise be toneless. Monochromatic or contrasting colors help define your style.

45° with inlay

INLAYS

Inlays allow you to define an area within your outdoor space. Often created with contrasting colors and textures, inlays add visual interest to make your space pop.

ENVIRONMENTAL pavers

Granite City Blend Going green was never so easy or cost-efficient. Nicolock's environmental pavers work with nature to provide visually appealing pavement options, plus the bonus of storm water management. Available in a range of attractive colors, textures and styles, our environmental paver collection comes with ADA-compliant joint openings and is designed to filter rainwater safely back into the ground.

An oversized brick shape with a slightly textured riven surface. Slightly chamfered edges with a 13% open surface area. Joint opening is compliant with the Americans with Disabilities Act. (ADA)

	WIDTH	LENGTH	THICKNESS	SF/PALLET	PCS/PALLET	LBS/PALLET
A	4¾"	9½"	31/8"	100	320	3,389

A square shape and flat surface give these pavers a contemporary look. Chamfered edges give them a real stone feel. 10% open surface area and joint opening make these stones compliant with the Americans with Disabilities Act. (ADA)

	WIDTH	LENGTH	THICKNESS	SF/PALLET	PCS/PALLET	LBS/PALLET

^{*}Wall heights shown are intended as a guide and not for construction purposes. **Note:** Gravity walls rely on unit weight and unit set-back to retain soils. Reinforced walls rely on unit weight, unit set-back and geogrid to retain and stabilize soils.

The symbol signifies that this product is suitable for building elevated wall heights using geogrid reinforcement or other design methods. Consult a licensed engineer for design assistance.

A Belvedere Wall provides the rich texture of quarried stone for an organic finish without the expense. Create warm, rustic silhouettes with our Belvedere wall.

NEW! REDI*ROCK WALL SOLUTIONS

Gravity, reinforced, hybrid, and freestanding walls come together to create optimized solutions.

GRAVITY RETAINING WALLS

- Build walls over 20 feet tall
- Reduce excavation and use a smaller footprint without geogrid
- Install quickly with a machine and small crew

REINFORCED RETAINING WALLS

- Build walls over 50 feet tall
- Eliminate geogrid connection failures with positive connection blocks
- Support heavy live loads

HYBRID WALLS

- Blend gravity and reinforced sections
- Combine precast modular blocks with cast-in-place
- Maintain seamless appearance

FREESTANDING WALLS

- Integrate parapets with other walls seamlessly
- Build stand-alone structures
- Create great looking results with texture on multiple sides

REDI-ROCK TEXTURE:

LEDGESTONE

Redi-Rock Ledgestone blocks, available in four natural colors, give projects a random, stacked stone look. Because they're made using architectural-grade precast concrete, the depth and level of detail in the texture is outstanding.

Ledgestone Block Specifications

- Trapezoidal shape allows convex and concave radii
- 5.5 inch deep texture
- Rich formulated colors to mimic the look of natural stone
- Ten individual face molds offer up to 115 square feet of non-repeating patterns
- Wet-cast concrete gives a greater level of detail and durability

YORK BROWN

PEWTER

МОСНА YORK BROWN With this large rock landscaping look, your new retaining wall, stairs or poolscape will stand out among your neighbors. Get the look you want without sacrificing the structurally sound solution you need.

Stay warm year-round with our FIRE PITS & FIREPLACES

WOOD

The Standard Wood option is for fire lovers who appreciate the full aesthetics of burning wood. Choose your coping option for added height.

SMOKE-LESS WOOD

A unique double-wall design results in smoke reduction. When a fire is burning, the walls heat up, hot air rises and exits the wall cavity through the line of holes around the rim. This pressurized, heated oxygen mixes with the smoke and causes it to reburn, reducing smoke.

GAS

Whether you prefer propane or natural gas, each ignition type includes everything you need to experience season-round enjoyment day or night. Packages include the vent kit for all ignition systems and control panels for MT, TPSI and AWS options.

There is something magical about sitting around the fire pit. The Serafina Fire Pit provides a charming focal point for entertaining with family and friends.

VERTICAL PANEL TECHNOLOGY

Vertical Panel Technology is the smart alternative to block and stone masonry. Reinforced concrete panels and an easy installation process makes constructing outdoor living spaces quick and affordable. This technology enables you to choose the texture, profile and color palette to fit the natural landscape of any backyard or outdoor setting. Reduce material waste and environmental impact, while delivering the highest quality vertical masonry structures.

The Wrangler

36 IN. DIAMETER / 130 LB. BASIN

The Ranch Boss

42 IN. DIAMETER / 220 LB. BASIN

Say "Howdy!" to the Cowboy Cauldron –the world's finest fire pit and grill.™ And possibly the coolest thing you ever did see. Channel your inner wrangler and treat your family and friends to endless entertainment and moments of meaningful interaction with one of these beautiful, versatile, and durable cauldrons. Each Cowboy Cauldron is painstakingly built by hand from solid plate steel and functions as a combination of fire pit, grill, and cooking vessel. It's built to outlive you and last for generations to come. Whatever your lifestyle, there is a cauldron that fits it. You can take it to campgrounds, beaches, lakeshores, ski hills, tailgate parties, in the RV, and to other places where adventure awaits. Or settle it into your backyard and let the fun begin as your favorite people gather 'round it. Be forewarned...you're gonna need more chairs! Happy trails...

24 IN. DIAMETER / 35 LB. BASIN

The Dude®

This smaller cauldron is huge on adventure. It is lightweight, convenient, mobile, and affordable with segmented legs for easier transport. Its 24", 35 lb. basin brings the heat and draws the crowds wherever it goes – camping, tailgate parties, ski hills, the beach, or on your patio. Scaled to fit almost any lifestyle. You'll wonder how you ever lived without it.

FEATURES:

Solid Steel Construction Segmented, 2-Piece Legs Use as Fire Pit, Grill, or Cooking Vessel

INCLUDED:

Cauldron Basin Tripod Frame Suspension Chain Charcoal Grate Cooking Grill Rain Cover

30 IN. DIAMETER / 75 LB. BASIN

The Urban Cowboy

The most versatile cauldron. Its 30" basin provides your crew with plenty of warmth to extend your outdoor life by weeks in the fall and spring. More than a cozy heat source, this cauldron really shines as a grill and cook pot--adding a western flair, a haunting vibe, or a touch of sophistication to any gathering at home or on the road. Though slightly larger, one person can still easily transport it, so you don't have to leave home without it.

FEATURES:

Solid Steel Construction Perfectly Proportioned Multipurpose Fire Pit, Grill, Cooking Vessel

INCLUDED:

Cauldron Basin Tripod Frame Suspension Chain Charcoal Grate Cooking Grill Rain Cover

Gather 'round the fire day or night! Complement your patio with the sleek look of the Fireplace with Verona Wall. Add warmth to your backyard in any season! Contains everything you need to construct this stunning fireplace.

- Quick and easy installation

Take your outdoor living space to the next level with stunning, multi-sized natural stone monoliths and LED lighting available with or without a high-fidelity sound diffusion system. From romantic moments to big bashes, Essenze di Luce has you covered with a variety of natural stone lighting and rock speaker options that are maintenance-free and designed to withstand the most adverse weather conditions-- from ice to the desert sun. Perfect for gardens, poolscapes, and outdoor living use.

Menhir Di Luce

A series of natural stone outdoor lamps and garden lights with LED technology, available in four different styles—Soft, Sidelong, Cross, and Stonehenge. In daylight, they function as design elements but evoke emotional light in the evening.

FEATURES

- Choose from single, double, or triple illuminated sections
- Choose from horizontal or inclined patterns
- Available in 2 standard textures
- Minimalistic and natural design complements any achitectural style
- Ice resistant
- Stainless Steel

Menhir Sound

This natural stone outdoor sound system integrating Hi-fi sound diffusion and LED lighting brings both sights and sounds to the yard. Fill your space with soft illumination and your favorite music—all effortlessly emanating from natural stone elements. Unparalleled resistance to splashes, spray, sand, and the most adverse weather conditions.

FEATURES

- Aisi 316L stainless steel audio system
- Easy connect; user-friendly; control music from your device
- Plays/streams the most popular music services
- Choose from 3 standard textures
- Ice resistant
- Wi-fi Audio Controller

Stake

Arrange an ambience with outdoor path lighting. Sleek pillars of natural stone offer architectural and design elements by day and transform into striking and luminous scenic features by evening. Perfect for illuminating footpaths, flower beds and outdoor living areas.

FEATURES

- Natural stone floor lamp for outdoors
- Choose single or double vertical LED (only 4mm thick)
- Ice resistant
- Multiple color and texture options
- Fits modern, contemporary, and Mediterranean styles
- Chemical Resistant
- Stainless Steel

- Constructed of vinyl
- Easy maintenance
- Customizable
- Lifetime warranty
- Two stock sizes: 13'x16' or 15'x15'

CUSTOM SIZES AVAILABLE

Panels are designed using a unique Z-joint design that becomes nearly invisible after installation. Panels interlock for a seamless fit. Ledgestone Corners are two pieces that seamlessly interlock to create a 90 degree corner.
